</table>

Place a person, corporate body, work, etc. in context; clarify the relationship between two or more persons, corporate bodies, works, etc.; or clarify the relationship between a person, corporate body, etc. and a name by which that person, corporate body, etc. is known (e.g., name used in religion versus secular name).
Corresponding tasks of Explore

explore relationships between entities (subjects or their representations) (i.e., to explore relationships in order to understand the structure of a subject domain and its terminology)
